**Industry Favors Top Educational Program, Deplores Tax Imbalance**

Torrance industries support a good educational program, but oppose measures which would upset the tax balance between homes and industry. That was what Robert Plomert, vice chairman of the Torrance Industries Tax Committee told the Torrance Educational Advisory Committee at its Monday meeting. He explained his group's action in endorsing the Oct. 11 tax proposal which will come before Torrance voters.

**TORRANCE** industries support the tax increase because they feel it is needed to produce good education and to obtain salaries which will attract good teachers, he said. Their support is given despite the fact that industry taxes will be raised, in one case as much as \$55,000 a year, he noted. He pointed out that the district will have to dip into its reserves this year to maintain its \$11 million budget, and that the tax increase, if approved by voters, would not become effective until 1961.

The rodeo, a Rodeo Cowboys of America championship event, is sponsored by the Torrance Mounted Police and the Torrance Chamber of Commerce.

**9500 Students to Begin Summer Classes on Monday**

Summer school classes for some 9500 youngsters in the Torrance Unified School District will start again Monday, June 20, according to Mrs. Trudy Aldershof, director.

Nearly 7000 elementary and 2500 high school students have signed up for the six-week summer session which ends on July 29. The high school figures include some 1400 eighth graders who will do exploratory high school work, either auditing the courses or taking them for credit.

AT THE THREE high schools classes will run from 8 to 10 and from 10 to 12 in the morning. Courses will be offered in nearly all fields, depending on demand. Students must decide by the end of the first week whether they are taking courses for audit or credit.

High school reports will be issued at the third and sixth week. Students are allowed only three absences without some special permission.

NO SCHOOL buses will be used to transport summer pupils. Torrance Police have announced that crossing guards will be stationed at Carson and Kent, 187th and Crenshaw, 182nd and Crenshaw, Dalemead and Crenshaw, 230th and Hawthorne, Hawthorne and Pacific Coast Hwy., and "other spots where they may be needed."

All elementary schools will be open during the summer, with the programs there considered extensions of the regular school year. Report cards will be issued at the end of the fifth week to students who have attended more than half of the sessions.

**Bronc Riding Top Feature For Cowboys**

Bareback bronc riding will be a major event at the Torrance Rodeo, according to the committee charged with plans for the July 30 and 31 event.

Lt. D. C. Cook, rodeo chairman boasts some of the top bareback buckers in the business will be on hand. The contest—one of six standard events in today's fast paced rodeos—has grown in popularity through the years, and there's a reason.

Cowboys coming out of a chute on treacherous broncs must burst into the arena spurring the horse high over the shoulders.

The eight-second bit of eternity aboard a pitching outlaw invites disaster, and while clinging on for dear life by a precarious hand hold, the cowboy must remember several things—to spur, to keep the other hand free, and to manage to hang on, whether he is sideways, backwards, or upside down.

Both the horse and rider are scored, and this means every cowboy must do his best, while hoping his mount will do as good—but not better.

PROGRAMS AT the elementary schools will be headed by the regular principals in most cases. However, five schools will have acting principals. These include B. J. Vasser, Meadow Park vice principal who will be at Arlington; Hugh Dooley, Seaside vice principal who will take over at Crenshaw; John McGee, Carr vice principal who will head the Hillside program; Phillip Korman, Fern-Greenwood vice principal who will go to Lincoln; and John Kasser, Steele vice principal who will be at Yukon.

Assistant Principals Richard Guengerich, Willard Morgan, and Leonard Lifton will head the program at North, South, and Torrance Highs respectively.
